ESTATE OF EASTMAN T. HOPKINS

ABOUT THE STATE Happenings of Interest from Different Sections.

Three hundred and fifty persons reg stered at the rest room in St. Albans during the month of May.

Rev. N. S. Hill of Woonsocket, R. I., will begin his pastorate of the Univer-salist church in Concord June 13.

Mr. and Mrs. Charles Chesley of Sheffield celebrated their golden wedding anniversary at the home of their son in St. Johnsbury June 2.

O. G. Hardy, an engineer on a freight train from Woodsville, N. H., to St. Johnsbury, was overcome by the heat while on duty Wednesday and fainted.

During a thunder shower last week, Ernest Roberts lost a bull and a heifer and Ernest Edgerton lost five cows, killed by lightning, in a pasture at

Leland A. Wood has resigned as Caledonia county agricultural agent to become treasurer of the Plymouth Creamery association, with headquarters in Boston. His successor has not vet been named.

While opening a bottle of soda in a Bellows Falls store a few days ago, John Barbieri of that place was bad-ly cut when the neck of the bottle blew off and inflicted a deep wound in one arm that required hospital care.

Herbert Pierce, teacher of the New port high school, is to give up teaching and return to the practice of law. He was admitted to the Massachusetts bar last fall and will take the Ver-mont examinations here next fall.

Yesterday's Boston Globe referred to the arrest of Robert E. Breven of Winooski and Henry P. Beers of Richmond porting of a stolen automobile over a state line. Both were arraigned and held for the federal grand jury.

Mr. and Mrs. Isaac A. Balch observed their 60th wedding anniversary Thursday at their home in Waterford. the west, where he made a specialty carried on since living in Waterford.

A special attempt is to be made tomorrow to find the body of Leon Refishing with two boy companions. support in seeking the position of as-About 200 men have agreed to go to sistant judge. Black river to try to find some trace of the body.

Next Monday the Vermont School of Once Discarded, are Now a Big Asset Aviation will open at Springfield under the direction of Capt. H. E. Stickney and Earl Osgood of Bellows Falls.

fell and sustained injuries which have since confined her to the bed. She was born in Montreal and when a child was chosen from her class in school to sing before Oneen Victoria and the original property of the federal bull and business efficiency is utterly impossible until they are disposed of the course of a decline of the overlap of the course of a decline of the overlap of the course of fore Oncen Victoria and the prince that city.

Ten boys have arrived at the Green Mountain Home, Inc., the agricultural and horticultural school at Old Bennington, founded by Edward T. Ever-ett of that place. The students are to be under no personal expense while they take the three-year course, even their clothing being furnished. Of the 10 students, only two are from Ver-mont-Ralph E. Headle of Rutland One of them is Thomas D. Bowles of

Two nearly new high-priced cars ere badly wrecked and five people ere injured in Bellows Falls a few days ago, when an Oldsmobile owned d operated by A. I. Bolles of that place and a Franklin car owned by Charles E. Davis of Rutland collided. There was plenty of room to turn out, nt a misunderstanding of signals is osed to have been the cause of accident. All five persons in the wo cars were thrown out and two of their injuries proved not serious and Professor Mitchell.

they remained but a few hours. The Franklin had just been purchased by dr. Davis in Massachusetts and he was driving it to his home in Rut-It is thought to have been wrecked beyond restoration. The front the Oldsmobile was demolished.

A well known resident of Brookfield Insiders that Diogenes came shead of onest man been in Brookfield the othr day he would have found the object his search. The reason for the beof is this: The Brookfield man was on his piazza. The Brookfield man rec- and that discolored oysters never on his piazza, and the stranger agreed must have been the same hen, death least, unpalatable." wing ensued after the motorist left. Well, I ran over the hen," said the tranger; "the hen didn't know any letter and I tried to dodge her but in With which the stranger went town into his pocket and brought forth dollar which he insisted the Brookadd man should take, although the he said latter declared the death of the hen was only a chance of the road. In telling about the story later, the Brookfield man expressed his regret hat he had not taken the name of the Honest Man.

Case in Point.

GREEN-GILLED OYSTERS.

ster industry and to devise remedies the of Wales, who were on a trip through the aid of Brown university was door for reorganization along business sought. Professor Mitchell has been ob- lines and the opportunity should be serving the oysters of Narragansett utilized.-Ohio State Journal. bay for five years partly while he was serving as director of the federal fisheries biological station at Woods Hole, Mass. The explanation of "green-gill" in oysters was one of the things which he sought and found.

"Practically no part of the animal," said Professor Mitchell, "except the 10 students, only two are from Vermont-Ralph E. Headle of Rutland this is a pale greenish gray. The condition seldom appears in American oysters. Occasionally, however, sporadic Seattle, Wash. There is a waiting list outbursts lasting one or two seasons appear among the Virginia cysters.

They correspond exactly to the descriptions of the famous green oysters of Marrennes on the coast of France. I was able to show that they are exactly the same thing and produced in the same way.

"When it was shown during the recent outbreak of green-gill in Virginia that they were of the genuine rennes type, what previously had been a loss to oyster men became an as set and green-gills from the Virginia beds were sold to leading hotels in em were taken to the hospital, but New York and Washington," said

> He explained that all oysters feed on microscopic plants called diatoms and that when a certain species of diatom is abundant in the water the oysters absorb its peculiar and charac-teristic pigment and store it away in the gills, which gives them their greenish tint. Such oysters he described as "extra fat and very luscions.

Another problem attacked was the cause of a bluish-green color some times seen in oysters. This was found to be due to the presence of copper which oysters absorb from seawater. Professor Mitchell said that amounts away from home a week ago and on of copper small enough to escape de is return found a dead hen laid out tection were not dangerous to health grized the hen as his property. Sev-ral days later an automobile wheeled eral days later an automobile wheeled transplanted to a region where they into the yard and a man alighted and could slowly free themselves from the asked the owner if he had found a hen copper. "If anyone should attempt to with a broken leg on his piazza on a copper. It anyone eat them," he remarked, "he would probably never manage to swallow the probably never manage to swallow the first one. The pronounced taste of first one. the copper compounds is, to say the
